

MAY 18, 2007

FROM THE PRESIDENT OF THE UNIVERSITY TO THE CLASS OF 2007

May 2007

Dear University of Colorado Graduate,

There are special occasions in our lives when we pause to reflect on the past, consider the future and remind ourselves of our accomplishments and purpose.

Graduation is such an occasion.

The University of Colorado has offered you an education intended to expand your knowledge and hone your skills to compete and succeed. Your educational experience will serve you well in your pursuits, as we know it has for tens of thousands of graduates before you.

Ralph Waldo Emerson once said, "What lies behind us and what lies before us are tiny matters compared to what lies within us."

As you grow in life, remember to challenge yourself and consider your possibilities.

The University of Colorado is an extraordinary institution whose value will be determined by what you do with your life.

We are confident your education can make a difference for you by providing a great foundation for your future.

Congratulations for reaching this milestone. We wish you success, prosperity, happiness, good health and continued learning as you apply your CU education to the rest of your life.

Sincerely,

A handwritten signature in cursive script that reads "Hank Brown". The ink is dark and the signature is fluid and legible.

Hank Brown

THE PRESIDENTIAL CHAIN OF OFFICE

The Presidential Chain of Office was created in 1980 by Mary Sartor, M.F.A., University of Colorado, Boulder, for the inauguration of President Arnold R. Weber. The chain was a gift to the university by Mr. and Mrs. David G. Hawthorn, Class of '24.

Colorado gold and silver are used throughout the chain to symbolize the importance of those minerals to the history of the state. The gem stones chosen also consist entirely of minerals from Colorado.

Three pendants are suspended on the chain. The back pendant is the seal of the State of Colorado surrounded by a golden ribbon representing the golden "Circle of Knowledge." The top pendant in the front, the seal of the University of Colorado surmounted by an arch set with diamond and topaz, signifies the necessary link between the search for knowledge and its practical application to the world outside the university. The seal is supported at the bottom by the laurel wreaths found in the seal, emblematic of honor and success.

The bottom pendant is centered with a golden topaz indicating man's quest for knowledge. The surrounding ring is paved with fragmented cubes and diamonds which suggest fragments of knowledge with brilliant breakthroughs of understanding.

The chain surrounding these pendants symbolizes the endless but ever-changing cycle of human knowledge.

THE UNIVERSITY SEAL

The University of Colorado has used three seals in its lifetime.

The present seal, adopted in 1908, depicts a classical Greek male figure seated against a pillar and holding a scroll. A burning torch framed in laurel is placed beside him. The Greek inscription means "Let your light shine."

According to Denver designer Henry Reed, the classical design was used because Greek civilization "stands as the criterion of culture." The laurel symbolizes honor or success, the youth of the figure suggests the "morning of life," and the scroll represents written language.

From 1893 to 1908, a seal was used which copies Wyon's medallion, "Science Trims the Lamp of Life." The classical figure of a kneeling Greek woman was flanked by mariposa lilies, which President Baker described as "a true Colorado flower."

Before 1893, a seal was used which essentially copies the Colorado state seal. It was never adopted by the Regents.

The official seal of the University of Colorado is used or by the Regents in transmitting official business.

THE NORLIN CHARGE TO GRADUATES

(From the baccalaureate address by President George Norlin, of the University of Colorado, June 1935)

“You are now certified to the world at large as alumni of the university. She is your kindly mother and you her cherished sons and daughters.

This exercise denotes not your severance from her, but your union with her. Commencement does not mean, as many wrongly think, the breaking of ties and the beginning of a life apart. Rather it marks your initiation in the fullest sense into the fellowship of the university, as bearers of her torch, as centers of her influence, as promoters of her spirit.

The university is not the campus, not the buildings on the campus, nor the faculties, nor the students of any one time — not one of these or all of them. The university consists of all who come into and go forth from her halls, who are touched by her influence and who carry on her spirit. Wherever you go, the university goes with you. Wherever you are at work, there is the university at work.

What the university purposes to be, what it must always strive to be, is represented on its seal, which is stamped on your diplomas — a lamp in the hands of youth. If its light shines not in you and from you, how great is its darkness! But if it shines in you today, and in the thousands before you, who can measure its power?

With hope and faith, I welcome you into the fellowship. I bid you farewell only in the sense that I pray you may fare well. You go forth, but not from us. We remain, but not severed from you. God go with you and be with you and us.”

ACADEMIC DRESS

The tradition of the academic costume began during the twelfth or thirteenth century in the early European universities. Since the clergy composed the majority of the educated class, academic dress is an adaptation of the cape or mantle which was usually of silk or wool and worn by church dignitaries in religious processions.

Through the years, great diversity in color and in style of cap, gown and hood developed. In 1896, the colleges and universities in the United States adopted a uniform code governing academic dress. Today, the black gown, hood, and mortar board worn by the graduates in most institutions follow this code.

While it is not apparent to the casual observer, the gowns worn by the recipients of the various degrees differ somewhat in design. The sleeves of the gown worn by the baccalaureate candidate are long and pointed, while the sleeves of the gown worn by the master’s degree recipients are square at one end with a slit at the elbow. The doctor’s gown has flowing sleeves with three bars of velvet, and facing of velvet down the front of the gown.

Those who receive a master’s or a doctoral degree from the University of Colorado wear hoods lined with the school colors, silver and gold. The hood worn by the doctoral candidate differs in design from that of the master’s as it has side panels and is slightly longer. The velvet border of the hood indicates the degree and usually follows the same code as the color of the tassels.

The oxford cap, usually referred to as a mortar board, is black and has a long tassel which is fastened by a button on the top. Candidates for the baccalaureate degree wear the tassel pendant over the right front of the cap before the degree is conferred, then it is worn on the left side. Cum Laude candidates wear bronze honor cords. Magna Cum Laude and honors candidates wear silver honor cords. Summa Cum Laude and special honors candidates wear gold honor cords.

HONORARY DEGREES AND AWARDS

HONORARY DOCTOR OF HUMANE LETTERS

GENERAL HOWELL ESTES, III
As a retired four-star general and Vietnam veteran, Howell Estes led a distinguished 33-year career in the United States Air Force and retired in 1998. That leadership has made General Estes an invaluable asset to the University of Colorado and the

University of Colorado at Colorado Springs.

In 2006 General Estes was the top choice of the CU system-wide faculty council to lead an historic effort of tenure review at the University of Colorado. General Estes also serves on the National Board of Advisers for the National Institute of Science, Space and Security Centers at UCCS. Through that role, General Estes helped broker a memorandum of understanding between UCCS and Air Force Space Command naming UCCS as the lead agent of a consortium of educational institutions in educating the credentialed space professional. General Estes was also pivotal in developing the relationship between UCCS's Center for Homeland Security and US Northern Command. Finally, General Estes serves as a personal military adviser to UCCS Chancellor Pam Shockley-Zalabak.

An Air Force Academy graduate, General Estes entered the Air Force in 1965. In his military career, he served in some of the military's most difficult command positions,

including Commander of North American Aerospace Defense Command, served admirably and excelled in all critical assignments. He was responsible for air sovereignty of the United States and Canada, along with providing tactical warning and attack assessment. The General also commanded the unified command responsible for directing space control and support operations including theater missile defense. According to peers and nominators, he performed at the highest levels of military command in securing the safety and freedom of United States citizens.

Though retired, he continues to serve his country as a consultant in the aerospace industry and as a member of the board of directors of major corporations. His experience and distinguished perspective has been instrumental in promoting space capabilities and associated technologies for the betterment of mankind.

As UCCS grows in the arenas of science and technology, General Estes continues to be an important member of the campus community, lending valuable perspective and educated guidance. Respected by all who have worked with him, he is an accomplished leader and business man with a true desire and respect for service.

For his many achievements and significant contributions to the University of Colorado at Colorado Springs, as well as his many contributions to his community, state, and nation, the University of Colorado Board of Regents is proud to award Howell Estes III the degree Doctor of Humane Letters, *honoris causa*.

2007 DISTINGUISHED SERVICE AWARD

MR. DAVID PALENCHAR
One of this year's recipients of the Distinguished Service Award wears many different hats in the community. Some know him as the Senior Vice President of Operations and a trustee for El Pomar Foundation, while others know him

as President of the Colorado Springs World Arena and Pikes Peak Center. Many know him as husband to Victoria, and father to Stephanie and Vanessa.

He's also known as the chair of the board for the Colorado Springs Sports Corporation, and as vice president of the Air Force Academy Foundation. He's a member of the Wells Fargo Bank community board, and the Central City Opera, Pikes Peak Hospice and Palliative Care and Colorado Springs Economic Development boards of directors.

David Palenchar is a name synonymous with public service.

A United States Air Force Academy graduate, David has been praised for his strong leadership skills and dedication to the success of the many organizations with which he is involved.

In his workplace, David oversees El Pomar Foundation's grant making and community stewardship programs. In his volunteer efforts, he's been heavily involved with developing youth sports events in the community and was instrumental in leading our city to be named a USOC Community Partner City, working for the development and training of elite Olympic and Paralympic athletes. His leadership at the World Arena has assured its longevity and success, building an image of one of the most successful venues of its size in the nation. His commitment and connection to UCCS through the Chancellor's Roundtable is longstanding, and he always has his eye on the future of the University and its mission to serve students and Southern Colorado.

His peers and nominators have called him a person who places the good of the community in the forefront, a wonderful asset to our region and a distinguished leader who does so by example.

In honor of his contributions and steadfast support, the University of Colorado Board of Regents proudly presents David Palenchar with the Distinguished Service Award.

America the Beautiful

Oh Beautiful for spacious skies
For amber waves of grain
For purple mountain majesties
Above the fruited plain!
America! America!
God shed His grace on thee
And crown thy good with brotherhood
From sea to shining sea!

CU Alma Mater

Hail, all Hail our Alma Mater
Ever will our hearts be true
You will live with us forever
Loyal we will be to you.
We will sing forever your praises
Ever more our love renew
Pledge our whole devotion to you
Dear Old CU!
